## Vaia/Minia

### ZITTACLEAN

Le micro film protecteur formé lors de son application, fera perler l'eau sur le verre afin d'en faciliter l'entretien.

Il est recommandé de passer la raclette après chaque usage.

The micro protective layer formed during its application will make the water bead along the glass for easy maintenance.

We recommend cleaning the door with the squeegee after each use.

**L'ENTRETIEN DE VOTRE DOUCHE**  
Ne jamais utiliser de poudre ou de tampon à récurer. Il suffit de nettoyer la porte avec une solution d'eau et vinaigre, 1 once vinaigre pour 5 onces d'eau. Vous pouvez utiliser un détergent doux mais aucun produit à base d'ammoniaque cela pourrait endommager la surface de la vitre.

#### THE MAINTENANCE OF YOUR SHOWER

Never use of powder or scouring pads. Simply clean the door with a solution of water and vinegar, 1 to 5. You can use a mild detergent but never use ammoniac, it could damage the glass surface.

#### PORTE REVERSIBLE / REVERSIBLE DOOR

Les instructions montrés au manuel sont pour le montage de la porte droite. The instructions shown in the manual is for the installation of the right door.

## MANUEL D'INSTALLATION / INSTALLATION MANUAL

#### IMPORTANT

- Inspecter le produit avant de procéder à l'installation.
- La garantie sera invalide si le produit a été installé avec des défauts apparents.

#### ATTENTION

- Lors de l'installation, l'application de silicone doit être à l'extérieur de la douche, car si appliqué à l'intérieur, cela peut causer des fuites d'eau !
- Veuillez lire attentivement ce manuel d'instruction avant de commencer l'installation.
- Conserver ce manuel pour référence ultérieure.

#### IMPORTANT

- Thoroughly inspect your product before proceeding with the installation.
- The warranty will be void if the product is installed with a conspicuous defect.

#### CAUTION

- To prevent leaks, silicone must be applied on the outside of the shower and not on the inside!
- Read all instructions carefully before starting the installation.
- Save this manual for future reference.

Following the terms and conditions described below, ZittaGroup warrants the product to be free from defects in workmanship from the date of purchase. This warranty applies to the initial date of purchase from an authorized dealer for the owner/end-user only. This warranty cannot be transferred to a third party. This warranty excludes any expenses related to shipping, handling and/or installation fees.

The present warranty does not cover the defects or breaking resulting from any Act of God, accident, catastrophe, abuse, negligence, improper installation, addition or removal of parts or equipment, of misuse, intensive variation of temperature, exposures to chemicals and/or abrasives of any kind, stains caused by different types of water such as ferrous or alkaline water.

ZittaGroup cannot be held responsible for the direct or indirect damage caused by or resulting from fortuitous occurrences, from the expenses of sundries, labor, wastes of time, material or any other cost related to the application or the replacement of the product or one of its components. In the eventuality that a manufacturing defect appears, the owner/enduser must have followed the instructions of installation described in the installation manual, have in his possession the proof of purchase as well as a proof of installation by a professional recognized by the construction industry. ZittaGroup will, at its own discretion, repair or replace the product based on the selling price at the time of purchase. ZittaGroup reserves the right to inspect, on site, the defect by a representative of its choice. Any return of goods will not be accepted without the written authorization from ZittaGroup.

### Care and cleaning

Zitta recommends the use of mild dishwashing liquids or water to keep the surfaces bright and clean. Rinse well and dry with a clean cloth. CAUTION : Powder detergents and liquid abrasive cleaners may damage surfaces. Do not allow the visible surfaces to come in contact with corrosive products such as drain cleaners. DO NOT USE : Cleaning agents that contains chlorides, alcohol, ammonia or mineral essences, steel wool, scouring pad or wire brushes.
